NEED A BUSINESS LOAN?

COMPANY BACKGROUND

Jack B. Wilson, Owner and President of Triangle Finance, in addition to holding a graduate degree (MBA) in finance from the University of Texas, has some 10 years of experience as an Executive Lending Officer and Senior Administrator in the commercial banking business. He founded his company in 1984, after a successful banking career, for the purpose of assisting those businesses that require more suitable and flexible financing support, which is more specifically tailored to their needs and/or growth plans.

Today, Triangle Finance maintains active/ongoing relationships with as many as 100 different lending/investor sources, with offices located across the entire United States. In many cases Triangle Finance is able to obtain debt financing (loans) and/or equity financing (capital) for their clients who have been unsuccessful in their own efforts to obtain needed financing and capital support for their business. Let Triangle's 30 years of experience help your company!

TYPES OF LOANS

Perhaps your company requires and could benefit from one or more of the following types of loans, to improve **cash flow** and provide needed **working capital**, by consolidating debts, paying taxes, purchasing equipment/inventory, supporting accounts receivables, or some other bona fide loan needs.

- Revolving Line of Credit
- Draw to Limit Loan
- Consolidation Loan
- Asset Based Loan
- SBA Loan
- Term Loan
- Loan for Taxes
- Sale/Lease Back
- Investor/Private Loan
- Eqmt. & R/E Loan
- Convertible Loan
- Private Lender Loan

MISSION STATEMENT

Our primary focus, on behalf of our clients, is to provide the most comprehensive and professional finance consulting advice and representation, which will lead to an ultimate and mutual goal. That is, to provide the most suitable and adaptive financing arrangements for our clients, which will enable them to more efficiently and effectively operate their business, while providing financing support for potential future sustained growth. Allowing for our clients' **working capital** and **cash flow** requirements is of pinnacle importance.
